

The Maglia Rosa 2022 is green with the NATIVE Sustainable Textiles fabrics by Sitip, Official Supplier of the Giro d'Italia

The Giro d'Italia is starting and Sitip is proudly confirmed this year as its Official Supplier

Italian company with over 60 years of experience behind, specialized in the production of stretch and circular fabrics - intended for the clothing sector and synthetic warp-knit fabrics - intended for the technical industrial world - **Sitip** combines tradition and innovation with a choice of sustainable production.

Official Supplier of fabrics for the **Giro d'Italia** jerseys since 2014 - and from this year also sponsor and/or supplier in partnership with RCS Sport of some of the most important national cycling races - Sitip consolidates its bond in particular with the cycling sector, demonstrating the great expertise in the production of highly technical sportswear fabrics, used by the largest international active brands.

The **Maglia Rosa 2022**, designed by **Castelli** and which will be worn by the leader of the general classification in all the stages, is made with technical and recycled fabric from the **NATIVE Sustainable Textiles** line, produced with GRS certified recycled yarns and low environmental impact chemicals with a lower consumption of

natural resources, able to guarantee compliance with environmental and social criteria extended to all stages of the production chain, including the traceability of raw materials.

In particular, the fabrics used are the **NATIVE-GAME LIGHT**, the **NATIVE-PIRATA** and the **NATIVE-LEADER**.

About Sitip

Sitip S.p.A. is an Italian company with over 60 years of experience, specializing in the production of synthetic warp-knit fabrics, intended for the technical industrial world, and stretch and circular fabrics, intended for the world of clothing. The latter, specifically, are intended for sportswear and urbanwear and are able to combine technical performance and intrinsic quality of production and sustainability, thanks to the concrete commitment to innovative and sustainable production processes, as well as to research and development.

Official Supplier of the Giro d'Italia since 2014 with the supply of fabrics for the Maglia Rosa and from this year also of some of the most important national cycling races of which it is a sponsor and/or supplier, Sitip consolidates its bond with sport and in particular with the cycling sector, demonstrating the great expertise in the production of highly technical sportswear fabrics, used by the largest international active brands. Continuous innovation goes hand in hand with a far-sighted corporate strategy, since Sitip makes use of the most recent technologies and the most advanced machinery to allow continuous production and quality updating. Sustainable development is a fundamental objective for ever greater environmental quality and social equity. To achieve this, Sitip operates in line with international certifications such as OEKO-TEX®, BLUESIGN®, GRS and adheres to the ZDHC gateway, adding to these an ISO 14001 environmental management system.

Of particular importance are the recycled items of the NATIVE Sustainable Textiles line, a technology that is applied to fabrics produced with recycled yarns and chemicals with low environmental impact, implementing the GRS (Global Recycle Standard) standard, the result of the sustainable management implemented by the company. Sitip exports throughout Europe, Central and North America, Asia.
